### About Our Products

The ASK team has family members on the front lines so our commitment is deep and personal. Working with a network of experienced and reliable distributors and FDA Approved and FDA Compliant manufacturers, we're working to support organizations of all sizes. **No BS.**

[PPE Resources](#)

### Not another flash in the pan.

**Commitment to transparency.** ASK PPE is part of ASK Consulting Group LLC, a business advisory group founded more than 20 years ago to help companies grow. Early in the COVID-19 pandemic, while helping a client secure financing to acquire PPE, we experienced the type of wild-west, no-rules, free-for-all we haven't seen since marijuana was legalized. Questionable brokers, the sale of product that didn't exist and worst of all, deposits made on product that was never delivered. **In short, we saw lots of BS – business scams.**

# ENCORE<sup>®</sup> Latex Micro

S U R G I C A L   G L O V E S

## Latex, powder-free surgical glove with exceptional dexterity and tactile sensitivity for surgical finesse

### KEY FEATURES AND BENEFITS:

- 20% thinner on average than Ansell's standard latex powder-free surgical gloves with soft latex formulation for unsurpassed dexterity and tactile sensitivity
- Its brown color helps reduce glare of surgical lights and makes it suitable to be used as an underglove
- The DERMASHIELD™ Technology internal coating facilitates dry or damp donning and intra-operative changes

*CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.*

### Recommended For

- All surgeries, especially delicate procedures in ophthalmology, micro, and cardiovascular
- Damp donning
- Enhanced tactile sensitivity and dexterity, especially for delicate procedures
- Prevention of eye fatigue

### FEATURED TECHNOLOGIES

## ENCORE<sup>®</sup> The Confidence to Perform

Dedicated to delivering optimized solutions engineered to provide a high degree of confidence to surgeons, O.R. nurses and surgical technicians seeking protection with a high level of dexterity, comfort and grip so they can perform at their best.
