About Our Products

The ASK team has family members on the front lines so our commitment is deep and personal. Working with a network of experienced and reliable distributors and FDA Approved and FDA Compliant manufacturers, we're working to support organizations of all sizes. **No BS.**

[PPE Resources](#)

Not another flash in the pan.

Commitment to transparency. ASK PPE is part of ASK Consulting Group LLC, a business advisory group founded more than 20 years ago to help companies grow. Early in the COVID-19 pandemic, while helping a client secure financing to acquire PPE, we experienced the type of wild-west, no-rules, free-for-all we haven't seen since marijuana was legalized. Questionable brokers, the sale of product that didn't exist and worst of all, deposits made on product that was never delivered. **In short, we saw lots of BS – business scams.**

CAPABILITY STATEMENT

COMPANY OVERVIEW

United Sewing Automation, Inc. (USA) is a Berry Amendment-Compliant manufacturing facility founded in 2017. USA is located on Andy Griffith Parkway in Mount Airy, North Carolina, in the foothills of the Blue Ridge Mountains, where textiles have been a cornerstone of the local economy for over 100 years. We are proud to bring manufacturing back to our town, and proud to be part of the great American recovery, both from COVID-19 and from the decline in American manufacturing. Protection for the People by the People.

PRODUCT INFORMATION

High Fluid Resistance Surgical Mask

Item Number: **U-325 (Adult) & U-325Y (Pediatric)**

ASTM Level 3 | FDA 510(K) Pending: K202697

Description: 3-Ply Disposable Face Mask with latex-free ear loops and P.E. coated metal nose bridge for a form fit. Constructed of American made high-quality, ultra-soft, breathable non-woven fabrics, providing the user with three layers of protection; 1) liquid barrier protection 2) Filter providing $\geq 99\%$ protection against airborne particulates; 3) Ultra-soft skin-contact layer for comfort. Our 100% polypropylene three-ply body is compressed using ultrasonic welding for maximum light weight protection.

Berry Amendment-Compliant

Manufactured in Mount Airy, North Carolina utilizing **100% American-made materials.**

PRODUCTION CAPABILITY

Our annual production capacity is presently over 100 million masks. Our team is investing in additional product lines and staffing to ensure we meet the increased demand of an awarded contract that satisfies the financial obligations of the expansion.
